

2010 Scholarship Application

Form

Application Deadline: February 28, 2010

The NEWCA Steering Committee has **two scholarship funds** available to NEWCA presenters.

- A. *The NEWCA Scholarship Award* is awarded to **presenters from groups and institutions under-represented in mainstream writing center work**. We are using the term “under-represented” to refer to individuals from socio-cultural groups under-represented in writing center work, and to institutions under-represented, such as high school writing centers, historically black institutions, urban institutions, and community colleges.

- B. *The Robert J. Connors Memorial Scholarship* is awarded to **first-time NEWCA presenters** who are currently working in a writing center. Robert J. Connors (1951-2000), was an influential composition historian and a professor and writing center director at the University of New Hampshire, who contributed to the promotion and growth of NEWCA from the mid-1980s to the year of his death in May 2000. We honor his many contributions to NEWCA through this memorial scholarship, established in 2002.

Each award is set at **\$200** and winners are selected based on their presentations’ contribution to writing center practice and research. Scholarship recipients will be notified by in **early March** and presented the award at the conference.

Please complete this form and email to **Pat Morelli, NEWCA Proposal Committee Chair, pmorelli@hartford.edu**. For more information, you can contact John Hall through the email address above or call him at 617-353-6632.
